Important: Safety Recall | Trek Girls' MT220 Bicycle

! THE FRAME ON YOUR BICYCLE MIGHT HAVE BEEN MANUFACTURED INCORRECTLY

A small number of the Trek model MT220 girls' bicycles were made with a frame that was welded incorrectly. If the frame breaks, you could be involved in a serious accident.

INSPECTION OF YOUR BICYCLE

Check your bicycle to determine if it is affected, or bring it to your Trek dealer for inspection. Affected bicycles do not have a frame gusset (see Figures 1 and 2) and are limited to the three model years identified in the chart below.

AFFECTED MODELS
